Heirloom Stair & Iron Inc. of Campobello, SC Wins Awards in International Metalcraft Competition

FAYETTEVILLE, GA — Heirloom Stair & Iron Inc. of 13728 Hwy. 11, Campobello has won two awards for outstanding craftsmanship in an international competition sponsored by the National Ornamental & Miscellaneous Metals Association (NOMMA). The event was open to nearly 800 member firms throughout the U.S. and in 9 foreign countries.

Heirloom Stair & Iron Inc. received the following awards:

SILVER- Interior Railings - Nonferrous
BRONZE- Exterior Railings & fences

The presentation was made at a special banquet in Tulsa, OK, March 6, during NOMMA's 52nd convention. The Ernest Wiemann Top Job Awards Competition is an annual contest that recognizes outstanding work in the ornamental and miscellaneous metals industry.

To win an award, entrants must submit photos and a description of their work. This material is then publicly displayed in a gallery where NOMMA member firms then vote. Winning a Top Job award has special meaning, since it represents a "voice of approval" from industry peers.

To reach the company, call 864-468-4940, or visit their web site at <http://www.heirloomstairandiron.com>.
